STATEMENT ON GOVERNOR ANDREW CUOMO'S JOBS PROPOSAL

"This is a major win for the vast majority of taxpayers here in Ulster County. I also thank Governor Cuomo for this plan that will provide much-needed funding to Ulster County as we continue to rebuild after the storms. By addressing the tax system in a more comprehensive manner, instead of one time gimmicks and surcharges, the Governor and legislative leaders are helping to rebuild the foundation that will promote economic growth here in Ulster County and across the State of New York."
