**a) Update Process for the 2023 – 2027 UCTC Transportation Improvement Program and Draft NYSDOT Region 8 Capital Program.**

The statewide STIP/TIP approval schedule has been delayed pending release of regional capital programs by NYSDOT. On May 12 authorization to release relevant capital programs was provided by NYSDOT Central Office staff to each NYSDOT Regional Office. Given this delay and the need for MPO staff and members to review, discuss and analyze the capital program prior to consideration and inclusion into UCTC’s TIP, UCTC will postpone draft TIP release until June.

NYSDOT Region 8 staff will present the draft capital program to be included as part of the UCTC 2023 TIP update. An overview of the share of state and federal dollars to be invested in the UCTC transportation system over the 4 year STIP period will be provided along with any relevant information pertaining to specific capital projects. A revised TIP update schedule will also be provided by UCTC staff.

The UCTC TIP is developed cooperatively by UCTC members and the New York State Department of Transportation. UCTC and NYSDOT typically conduct a complete update of the TIP every three years. The
